

### **INSANE PRICES**

We will endeavour to beat lower published prices on stock products by 5% where we are able to verify that the published price is made by a genuine competitor, for example through evidence provided to us by you. We are under no obligation to take steps to verify the other offer and we reserve the right not to match the price if it is unreasonable, including in the circumstances set out below.

To be eligible for this guarantee, you must provide evidence of any genuine competitor's advertised price of an identical product, (e.g. same brand, colour, model, quality and quantity) as advertised in catalogues, flyers, email promotions, competitor quotes and/or invoices that are not more than 1 month old. Evidence must display the details of the company that is offering the stated pricing together with the company's ABN.

That guarantee only applies to normal stock items included on our internal stock management system and we reserve the right not to sell below cost. Adherence to the above will be subject to management approval.

This offer is not applicable when a supplier or manufacturer implements contract or clearance pricing. This offer is not for brand contract pricing where the customer dictates special pricing. Abco also reserves the right to not quote on an item.

The 5% price beat guarantee will only be applied to a basket of goods and not over individual items in the case where multiple items are quoted.

This offer is only available on consumable items, this does not include capital equipment and takes into account any arranged rebates with customers.

Abco reserve the right to change price at any time (act of God, supply and demand).

### **IMPECCABLE SERVICE**

This offer is to guarantee despatch the next day in Sydney, Melbourne, Brisbane and Perth metro if ordered before 3pm. This is for stocked or in stock items only. If a customer has been advised the item is on back order, this no longer applies. The term 'Despatch' = booked for delivery on Abco's manifest system. Order must be placed on Abconet before 3pm.

We will dispatch orders of stock products within 24 hours, excluding weekends and public holidays (in the State which you place the order), the 24-hour dispatch Guarantee will not be applicable if:

- 1) There has been a manufacturer shortage, back order, or a national, regional, or governmental emergency, meaning that we are unable to source the ordered item.
- 2) There has been an act of force majeure (as per clause 63 of General Terms and Conditions of Sale).
- 3) If there has been an agreement with you to deliver the items on specified date or specified dates which fall outside of the 24-hour timeframe.

Not with-standing the above, there will be circumstances where it will not be possible for us to meet the above timeframes and, in such cases, we will despatch your order as soon as possible.

**STOCK GALORE**

Abco guarantee zero backorders on core stock items, find core stock items below:
